

### **Treister Dealer Services is a IOL Certified Provider and Value Added Reseller**

Our partner services are simple and transparent, making it easy for you to select the specific tools you need to support your existing business model. We offer automotive dealers and vendors a tool box of comprehensive software applications designed to simplify the process of managing and maintaining vehicle inventory.

### **Inventory Online (IOL) Internet Vehicle Marketing Suite**

Inventory Online (IOL) Vehicle Marketing Suite aggregates and transforms raw vehicle data into rich-content, online vehicle display ads that can be automatically distributed anywhere. Each day, over 15,000 dealerships rely on IOL to help them save time and turn 2.5 million cars into powerful online marketing:

### **IOL Posting**

Creating and posting listings or auctions is now easier than ever with IOL Posting 2.0. With a few simple clicks, this powerful tool lets you develop online vehicle postings directly from your webIOL account. Classifieds and auctions are an excellent way to represent your dealership and inventory. This convenient, eBay-certified tool will help turn your online listings into powerful lead generating machines!

### **Window Stickers & Buyers Guides**

Treister Dealer Services creates new window stickers with a few simple clicks. TDS saves time by printing full-color, custom window stickers and buyers guides directly from your IOL account. Grab the attention of your visitors with attractive stickers and guides from HomeNet and Treister Dealer Services
